MAHONING COUNTY, OHIO: COUNTY INFIRMARY DEATHS

PREFACE

The "Old County Home" on Herbert Road in Canfield Township, Mahoning County Ohio, had various names over the years. Called the *County Home*, the *Poor House*, and *The Infirmary*, it was really all three.

People who were homeless or infirm, the elderly and the very young, rich, poor, white and 'colored' were taken care of here. Some stayed only a short time, perhaps until they found work or 'got better.' Some came to stay until they died, whether it is from illness or old age. Many were alone in the world and had no one to care for them. Women gave birth here, as shown by an entry that states "still born child."

There are two large ledgers in the County Commissioner's Office (at the courthouse) titled: REGISTER OF MAHONING COUNTY INFIRMARY. They contain the names of all those people who were admitted to

the home from 1889 to 1972. There is some overlapping between the end of the first volume and the beginning of the second. The information for each individual includes the following, in columns across two pages of the ledger:

Name - Age - Cause (for admittance) - Where Born - Married or Single - Date Received - Date of Birth - Date of Death - Removed or Transferred to - Previous Habits - Insane, Idiotic, etc. - White or Colored - Education - Remarks (these might include: "who to call, "Buried on Poor Farm," etc.). Naturally, not all the information was entered for every individual.

In this volume we have included: Name, Tile No. Vol/page, Death date, Age and (if given) the time of death.

On 6 Nov 1907 the officials began to enter the deaths that occurred there. More than 1,650 deaths were recorded and at least 428 individuals were buried in the Home's Cemetery. Their graves were marked by round tiles, with numbers engraved on the top. There were/are no tombstones, but the number on the tile placed by each grave was entered by the decedent's name in the "Register." Most of the tiles are still extant, so it may be possible to locate a particular grave.

20

Most of the ledger entries were done by an uneducated person with limited spelling ability. Therefore, names were sometimes hard to decipher. We leave the correct interpretation to the researcher's imagination.

It is possible these deaths are recorded nowhere else. We have checked at the courthouse and at City Hall. We did not check with the Bureau of Vital Statistics in Columbus. Those deaths entered here, that occurred before December 8, 1908, would not be on record there.

We could not establish exactly when the home was built. It was, apparently, in the early 1850's. There were at least two fires there over the years and most of the early records are presumed to be lost.

There is a manuscript volume entitled *Book of Entries of the Superintendent of the Mahoning County Infirmary in the State of Ohio*. Labeled "Infirmary Record Book No. 1," it contains entries of admissions from 1856 to 1859 - - with notations added as late as 1875. It is available on micro - film at the Ohio Historical Society in Columbus, Ohio. Mr. James L. Murphy, of Columbus, abstracted the records on that micro - film. In 1983 we received his permission to use the Infirmary deaths that appeared in his work. These records appeared in: CANFIELD TOWNSHIP CEMETERY AND DEATH RECORDS: MAHONING COUNTY, OHIO. M.M. Simon, Mah. Co. Chap., OGS 1983. These deaths appear on page 1 a of this compilation and the names are included in the index.
