

Women Who Owned Land Before 1820 in what became Mahoning County, Ohio

Proving a female ancestress in Ohio, before 1820, is often difficult. The land records (deeds etc.) are sometimes the only proof that exists. The following records were abstracted from the first two Index Books in the Recorder's Office, at the Mahoning County Courthouse. They are labeled A and B. Book A contains the records of the townships that were in Trumbull County and Book B contains those that were in Columbiana County. Mahoning County was formed in February 1846 from these two counties.

The abstracts are written as follows:
